| Twenty-Year Overview | Student Enrollment and Demographics           | LDOE Multi stats 10/1 Total Enrollment; includes all public schools and sites located in Orleans Parish (Type 2s, etc.). Subgroup enrollment and percentages were calculated by adding the number of students by race and school and dividing it by the total number of students enrolled at each site.                                                                                      |
| Twenty-Year Overview | Student Enrollment and Demographics           | LDOE Multi stats 10/1 Total Enrollment; includes all public schools and sites located in Orleans Parish (Type 2s, etc.) ; Prior to 2019 and unification, SPED data was aggregated by CMO and therefore makes prior year comparisons based on public data challenging. LDOE has not yet published SPED percentage data for 2022-23.                                                           |
